HABCO™

REACH-IN DESIGN FOR YOUR PEACE OF MIND

HABCO is committed to manufacturing the highest quality with the most tangible benefits. Sixty years of experience and technical depth allow us to identify tangible benefits and include them as standard features on respective models.

Our commitment to environmental sustainability has garnered honours, with the most recent ENERGY STAR® Manufacturer of the Year - Commercial, being awarded by the Government of Canada, Department of Natural Resources. The company's pioneering Cassette® refrigeration, Free&Clear™ condenser coil and new HybriCold™ refrigeration were noted for environmental responsibility and energy efficiency.

The new SelfCookingCenter® whitefficiency®

Efficiency meets culinary delight

Patented HiDensityControl® – redefining cooking quality

30% more capacity*

20% less energy consumption*

These unique levels of efficiency and cooking performance are due to our new, patented HiDensityControl®. It ensures energy is channelled exactly where the food needs it. Using clever mixed loads with Efficient LevelControl® can make your food production up to 30% faster. The revolutionary controls are simple, adaptable, and learn your preferences. You can even remove functions you don't need from the display.

That's whitefficiency®!

IT'S THE PERFECT FIT OF EFFICIENCY AND ECONOMY.

Introducing the Vulcan Restaurant Counter Series.

Who says bigger is better?

With our new Restaurant Counter Series, you'll find the same high-quality features you've come to expect from Vulcan in easy-to-configure, compact units that fit right in with the needs of your kitchen. Smart design. Durable construction. State-of-the-art technology. We found room for it all in the Restaurant Counter Series.

VCRH Restaurant Series Gas Hotplate

Features fully parted, two-piece 25,000 Btu/hr. burners with lift-off heads for easy cleaning. "Splash-proof" pilot with energy-saving flash-tube technology. Full-width crumb trays with LP conversion kit supplied.

VCRH12 12" Hot Plate 2 Burner
VCRH24 24" Hot Plate 4 Burner
VCRH36 36" Hot Plate 6 Burner

CONTACT YOUR DEALER FOR PRICING

VCRG-M Restaurant Series Gas Griddles

With many of the same high-quality features as the VCRG-T, this griddle delivers 25,000 Btu/hr. and a "U" shaped burner for every 12" of griddle width.

VCRG24-M 24" Manual Griddle
VCRG36-M 36" Manual Griddle
VCRG48-M 48" Manual Griddle

QUALITY, PRECISION, INNOVATION. THAT'S LONG BEEN A PART OF OUR LEGACY.

HOBART CANADA

Now, Advansys™ begins a new chapter.

Introducing Advansys, the most advanced energy-, time- and water-saving warewashing equipment on the market. From the first ventless warewasher to machines that can perform self-diagnostics and recognize what's being washed, Advansys technology is helping us reimagine warewashing and helping you see new possibilities in savings and performance.

- Unique Energy Recovery condensing cycle captures the water vapor and preheats the inlet water up to 140ºF
- Eliminates the need for a ventilation hood
- Saves as much as $5,068 the first year and $1,568 every year after
- ENERGY STAR® qualified, it uses only .74 gallons of water per rack

Model / Modèle	Features / Caractères	
GDM-41	Energy Star qualified 2 slide-door refrigerator featuring: Entire cabinet structure is foamed-in-place using Ecomate. A high density, polyurethane insulation that has zero ozone depletion potential (ODP) and zero global warming potential (GWP). Holding temperatures: 0.5°C to 3.3°C (33°F to 38°F)	*SPECIAL PRICING*
T-43	Energy Star qualified 2 door reach-in refrigerator featuring: Holding temperatures: 0.5°C to 3.3°C (33°F to 38°F) Stainless steel solid doors and front. The finest stainless available with higher tensile strength for fewer dents and scratches. Adjustable, heavy duty PVC coated shelves. Positive seal self-closing doors. Lifetime guaranteed door hinges and torsion type closure system.	$3896
TUC-27	Energy Star qualified 27 Inch under counter refrigerator featuring: Oversized, environmentally friendly (134A) forced-air refrigeration system holds 0.5°C to 3.3°C(33°F to 38°F). All stainless steel front, top and ends. Matching aluminum finished back. Front breathing. Heavy duty PVC coated wire shelves. Foamed-in-place using Ecomate. A high density, polyurethane insulation that has zero ozone depletion potential (ODP) and zero global warming potential (GWP).	*SPECIAL PRICING*
STR1R-1S	High capacity, factory balanced refrigeration system that maintains cabinet temperatures of 0.5°C to 3.3°C (33°F to 38°F) for the best in food preservation. State of the art, electronically commutated evaporator and condenser fan motors. ECM motors operate at higher peak efficiencies and move a more consistent volume of air which produces less heat, reduces energy consumption and provides greater motor reliability. Insulation - entire cabinet structure and solid door are foamed-in-place using Ecomate. A high density, polyurethane insulation that has zero ozone depletion potential (ODP) and zero global warming potential (GWP).	$5573
TSSU-72-18	Environmentally friendly (134A), patented forced-air refrigeration system holds 0.5°C to 5°C (33°F to 41°F). Complies with and listed under ANSI/NSF-7-1997-6.3. All stainless steel front, top and ends. Matching aluminum finished back. Stainless steel, patented, foam insulated lids and hoods keep pan temperatures colder, lock in freshness and minimize condensation. Removable for easy cleaning. 8–7/8" (226 mm) deep,1/2" (13 mm) thick, full length removable cutting board included. Sanitary, high density, NSF approved white polyethylene provides tough preparation.	*SPECIAL PRICING*
THAC-60	Uniquely sized for placement in a variety of popular impulse merchandising locations. Oversized, factory balanced, refrigeration system holds 1.6°C to 4.4°C (35°F to 40°F). Patented reversing condenser fan motors. Fan motors reverse during defrost off cycles to help keep condenser coil free from dirt, dust and debris. Regularly scheduled thorough cleaning of coils still recommended. Air curtain top provides fast, easy access to product while maximizing attention to merchandising.	*SPECIAL PRICING*
TBB-24-48G-S	Oversized, factory balanced, refrigeration system holds 0.5°C to 3.3°C (33°F to 38°F). Exterior - stainless steel front and sides. Matching aluminum back. All stainless steel counter top. Interior - 300 series stainless steel floor with1/2" (13 mm) reinforced lip and heavy gauge galvanized steel walls. "Low-E", double pane thermal glass door assembly with extruded aluminum frames. The latest in energy efficient technology. Patented integrated door light (IDL) system for brighter, shadow free illumination.	$3927
